

# 241

## 20LB BLUELINE PAPER

**DESCRIPTION**

241 is 20LB blue line paper with great combination of density and speed for console and tabletop ammonia diazo machines. 241 is not a stocked item and is converted on a per order basis. This is due to the short shelf life of the product and to help ensure the quality and longevity. 241 is mechanically tear resistant and extra white background. The special coating permits fast printing speed and clear image lines. The sensitized coating provides for a dark and crisp line density and rich blue color.

**PHYSICAL CHARACTERISTICS**

Caliper	4 mil
Basis Weight	105 g/m2
Bond Weight	20LB
Brightness	92
Finish	Matte
Density	1.25
Speed Rating	Fast
Opacity	NA
Whiteness	NA
Smoothness	NA
Lab Values	NA
Base material	Paper
Structure	Coated

\*All values are for reference only

**FEATURES AND BENEFITS**

- Fast-speed, high-quality blueprint production
- Provides blue lines with great density and speed
- Compatible with fluorescent Diazo machines
- Compatible with multi-lamp Diazo machines
- Compatible with ammonia activators
- Compatible with or PD activators

**PRINTER COMPATIBILITY**

**Diazo** - Ammonia diazo machines

**PROCESSING TIPS**

- Preferred side out

**SHELF LIFE**

60 days

**STORAGE CONDITIONS**

Temperature	50-85° F (10-30° C)
Relative Humidity	30-65%

**OPTIMAL SERVICE ENVIRONMENT**

Temperature	50-85° F (10-30° C)
Relative Humidity	30-65%
