

7924C

4 MIL INKJET CLEAR FILM
(WITH INTERLEAF PAPER)

DESCRIPTION

7924C is a 4 mil dimensionally stable clear polyester film with an optically clear inkjet coated designed to provide excellent print performance and still maintain the clarity of the film. 7924C is converted with a paper interleaf that protects the film from scratches while and also enables compatibility with HP and other brand printers that search for the media edge before printing.
