ARTISTS' CANVAS MASTERPIECE

TORINO17M is an exceptional, printable artist's canvas worthy of true, artistic genius. It's perfect for stretching on fine art frames without cracking on the edges. Images remain colorful and vibrant for many years. This material is the perfect combination of print and stretch.

TORINO17M is perfect for displaying your greatest work. Its' proprietary 1:1 structured base canvas features our Award-winning Magic® "Universal" coating (many have tried to duplicate) which produces excellent color gamut and black density. **TORINO17M** is tear and scratch resistant as well as water and fade resistant. It has excellent flexibility for stretching and resists edge cracking when folded.

How can you print TORINO17M?

TORINO17M is best printed with dye printers, pigment, latex, eco-solvent, and solvent printers.

Tips & Tricks

For stretching and finishing tips, check out the resources page on MagicInkJet.com.
