# MARVELOUS MATTE

**FIRENZE** papers are the quintessential everyday matte paper. From compatibility to performance, profile and finishing, if you could only have one paper in your shop, **FIRENZE** would be it! These premium inkjet coated matte papers feature a smooth bright white surface, and proprietary instant dry coating which produces excellent print quality, line acuity, and image clarity across multiple print technologies without sacrificing print speed or color accuracy. **FIRENZE** offers plug and play printing with standard on-board “coated paper” settings on most inkjet printers.

**FIRENZE is available in two different thickness sizes.**

**FIRENZE132 is a lighter weight 6 mil.**

**FIRENZE170 is a heavy weight 9 mil.**

## How can you print FIRENZE?

**FIRENZE** is best printed with dye printers, pigment, latex, UV, and pagewide printers.
